# INDEX TO AUTHORS.

ANDREWES, C. H., see *Lush, D.*

——— and GLOVER, R. E., spread of infection from the respiratory tract of the ferret. I: Transmission of influenza A virus, 91

ATKIN, W. R., see *Gordon, J.*

BAWDEN, F. C., the serological reactions of viruses causing tobacco necrosis, 59

——— and KLECZKOWSKI, A., some properties of complexes formed when antigens are heated in the presence of serologically unspecific proteins, 208

BECK, S., sarcoma produced by subcutaneous injections of overheated cotton-seed oil into mice, 299

BROWN, G. M., and MAEGRAITH, B. G., tyraminase activity in the hypertensive animal, 108

CAMPBELL, J. A., fibrotic nodules in the tracheobronchial lymph glands of the mouse produced by breathing precipitated silica, 76

CRUICKSHANK, A. H., anti-lymphocytic serum, 126

DANN, L., see *Hughes, A. F. W.*

——— GLÜCKSMANN, A., and TANSLEY, K., the healing of untreated experimental wounds, 1

——— ——— ——— the healing of experimental wounds treated with epicutan, 70

DOLJANSKI, L., see *Halberstaedter, L.*

FILDES, P., inhibition of bacterial growth by indoleacrylic acid and its relation to tryptophan; an illustration of the inhibitory action of substances chemically related to an essential metabolite, 293

FRASER, T. N., and RENNIE, J. B., observations on factors concerned in sedimentation of erythrocytes, 81

GILMOUR, J. R., see *Gowar, F. J. S.*

GLOVER, R. E., spread of infection from the respiratory tract of the ferret. II: Association of influenza A virus and streptococcus C, 98

——— see *Andrewes, C. H.*

GLÜCKSMANN, A., see *Dann, L.*

GORDON, J., and ATKIN, W. R., the effects of sodium hexametaphosphate (calgon) on the complement action of serum, 226

GOWAR, F. J. S., and GILMOUR, J. R., changes in the lung following injections of iodized oil into the trachea, 262

GRIESBACH, W. E., studies on experimental goitre. II: Changes in the anterior pituitary of the rat, produced by brassica seed diet, 245

——— KENNEDY, T. H., and PURVES, H. D., studies on experimental goitre. III: The effect of goitrogenic diet on hypophysectomized rats, 249

HALBERSTAEDTER, L., DOLJANSKI, L., and TENENBAUM, E., experiments on the cancerization of cells *in vitro* by means of Rous sarcoma agent, 179

HOCH-LIGETI, C., studies on the effect of carcinogenic hydrocarbons on immunity reactions, 233

HUDSON, R. E. B., a modification of McIntosh and Fildes' anaerobic tin, 305

HUGHES, A. F. W., and DANN, L., vascular regeneration in experimental wounds and burns, 9

KEKWICK, R. A., and RECORD, B. R., some physical properties of diphtheria antitoxic horse sera, 29

KENNEDY, T. H., see *Griesbach, W. E.*

——— and PURVES, H. D., studies on experimental goitre. I: The effect of brassica seed diets on rats, 241

KLECZKOWSKI, A., quantitative studies on the serological reactions of some plant viruses and of a pea nodule bacterium (*Rhizobium leguminosarum*), 44

——— the formation of protein complexes in heated solutions of rabbit serum proteins, 188

——— effect of heat on flocculating antibodies of rabbit antisera, 192

——— see *Bawden, F. C.*

LEWTHWAITE, R., see *Savoor, S. R.*
LINGGOOD, F. V., purification of diphtheria toxin and toxoid made from tryptic digest broths, 255
LUSH, D., STUART-HARRIS, C. H., and ANDREWES, C. H., the occurrence of influenza B in Southern England, 302

MCILWAIN, H., bacterial inhibition by amino-sulphonic analogues of some natural amino-carboxylic acids, 148
MAEGRAITH, B. G., see *Brown, G. M.*
MANIFOLD, M. C., the effect of certain antiseptics on the respiration of brain tissues *in vitro*, 111
MARTIN, N. H., see *Scarff, R. W.*

PURVES, H. D., see *Griesbach, W. E.*
——— see *Kennedy, T. H.*

QUASTEL, J. H., and RACKER, E., tissue anoxia and blood coagulation, 15

RACKER, E., see *Quastel, J. H.*
RECORD, B. R., see *Kekwick, R. A.*
RENNIE, J. B., see *Frazer, T. N.*
RILEY, J. F., and WALLACE, A. B., stimulation and inhibition of connective tissue in mice following injection of benzpyrene, 24
RUIZ-CASTANEDA, M., active immunization against epidemic typhus by means of vaccines prepared from endemic virus, 167

SAVOOR, S. R., and LEWTHWAITE, R., the Weil-Felix reaction in experimental rat-bite fever, 274
SCARFF, R. W., and MARTIN, N. H., experiments with renin, 309
SCHOENTAL, R., the nature of the antibacterial agents present in *Pseudomonas pyocyanea* cultures, 137
SCOTT, L. DOUGLAS, new diazo methods for the determination of bilirubin in blood and urine, 17
——— sulphanilamide and sulphapyridine in biological fluids, 220
SELBIE, F. R., a transplantable mammary fibroadenoma of the rat showing sarcomatous changes, 156
STUART-HARRIS, C. H., see *Lush, D.*

TANSLEY, K., see *Dann, L.*
TENENBAUM, E., see *Halberstaedter, L.*
TODD, E. W., the oxygen-labile haemolysin or $\theta$ toxin in *Clostridium welchii*, 172

WALLACE, A. B., see *Riley, J. F.*
